ON-MOUNTAIN BRAND PLACEMENTS

High-impact billboards on the pistes and branding across the lifts of Popova Šapka.

THE MOUNTAIN IS PREMIUM AD SPACE

A roadside billboard gets a two-second glance. A board on the piste or a wrap on the lift is seen for hours, on repeat, in a place people love — and photograph.

— 01

Dwell, not glances

Guests spend hours on the mountain, in view of your brand.

— 02

Built-in repetition

Every lift ride and every run delivers the message again.

— 03

Loved & uncluttered

A high-emotion setting with almost no competing advertising.

A CROSS-BORDER CROWD DOMESTIC MEDIA MISSES

Popova Šapka is the winter meeting point of the Macedonian–Kosovar–Albanian corridor. Buying it reaches three markets and the diaspora at once — from one media plan.

Kosovo & Albania

The core cross-border audience. They arrive by car, in groups, for the weekend — and are unreachable on Macedonian domestic media.

North Macedonia

The loyal Skopje–Tetovo–Polog heartland, plus returning diaspora over the holidays.

Athletes & freeriders

An off-piste, cat-ski and content-making following from across the region and beyond.

Families & season regulars

Repeat visitors across a season that runs mid-December to early April.

THE SEASON IN NUMBERS

DIGITAL REACH

Social, partner channels and the live webcams are sold and reported separately, on figures confirmed from platform analytics.

Planning estimates for sponsorship modelling; final figures should be confirmed by the resort operator. Digital reach is reported separately using platform analytics.

WHO YOU'RE BUYING FROM

One contract, one point of contact. Every placement in this deck is inventory we are mandated to sell.

— OFFICIAL PARTNER

BS Suite

Official advertising partner for Popova Šapka / Kodra e Diellit, responsible for managing all commercial advertising opportunities at the resort.

— IN COOPERATION WITH

Ski Center Popova Shapka

The resort operator. Placements are approved, installed and maintained with the operator, not around it.

— CONTRACTED INVENTORY

The agreed inventory for the winter season

Every spot shown is live, allocatable and covered by the partnership agreement. Partner references available on request.

STRONGEST SEASON PACKAGE

Multi-season agreements receive preferential pricing. Individual placement rates remain available in the annex.

€5–8 PER 1,000 IMPRESSIONS

Season impressions = visits reached × brand contacts per visit

CPM = package price ÷ (impressions ÷ 1,000). Worked below on **100,000 visits** — the bottom of the range.

PACKAGE	PRICE	VISITS REACHED	SEASON IMPRESSIONS	CPM
Track	€15k	80,000	1.9M	€7.89
Lift	€30k	90,000	6.8M	€4.41
Mountain	€50k	100,000	12.6M	€3.97
Full Mountain	€80k	150,000	19.0M	€4.21

Illustrative media model based on 100,000 annual resort visits. Actual impressions depend on operating days, weather, lift usage and the final placement plan.

Contacts per visit are discrete brand sightings across lift rides, descents and the base area — 6–10 lift cycles over a 4–6 hour visit.

Digital is excluded from these figures. Social, partner channels and live-webcam reach are reported separately on platform-confirmed data.

À LA CARTE RATES

Individual placements, for buyers who need a single spot rather than a season package. Print, installation and maintenance included.

Single piste-side board	€600–1,500	per board / season
Lift pylon banners (set)	€3,500–9,000	per lift / season
Chairlift cabin wrap	€7,500–18,000	per lift / season
Cabin seat-back branding	€4,500–10,000	per lift / season
Lift-station facade	€4,500–10,000	per station / season

Rates shown are per-item; combining several still costs less as one of the season packages on the Packages page. Ask BS Suite for a quote on any combination.
